SUBJECT: On-going Neighborhood Meetings on Development, Capital Projects

Dear Mayor Tarter, Members of Council and City Manager:

At the City Council virtual meeting of April 6, 2020, the City Staff indicated that coordination meetings on projects would be on-going through the COVID19 lockdown, using the traffic calming as an example.

The Board of Directors of the Village Society requests that VPIS be included for notices to all those virtual or in-person meetings at the President's email address below.

Thank you.

Sincerely,

Lisa Varouxis, President
